

## Hoja de Trabajo 4

### Pruebas JUnit

#### Clase: Abstract

The screenshot shows the JUnit test results for the `AbstractTest` class. The test results window is titled "AbstractTest x" and shows "Tests passed: 50.00 %". The test results are as follows:

- 1 test passed, 1 test failed. (0.183 s)
- `AbstractTest` Failed
- `testIsEmpty` Failed: expected: <false> but was: <true>
- Expected: <false> but was: <true>
- JUnit framework: AssertionFailedError
- at AbstractTest.testIsEmpty(AbstractTest.java:62)

The test results window also shows the source code for the `size` and `isEmpty` methods.

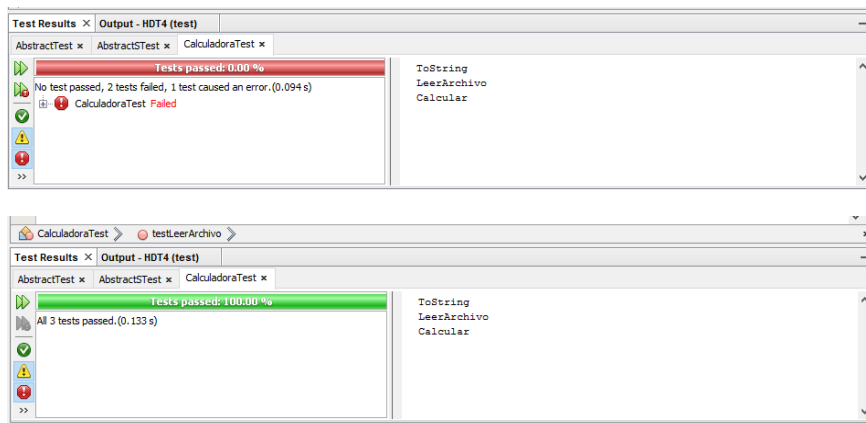

#### Clase: AbstractS

The screenshot shows the JUnit test results for the `AbstractS` class. The test results window is titled "AbstractS x" and shows "Tests passed: 0.00 %". The test results are as follows:

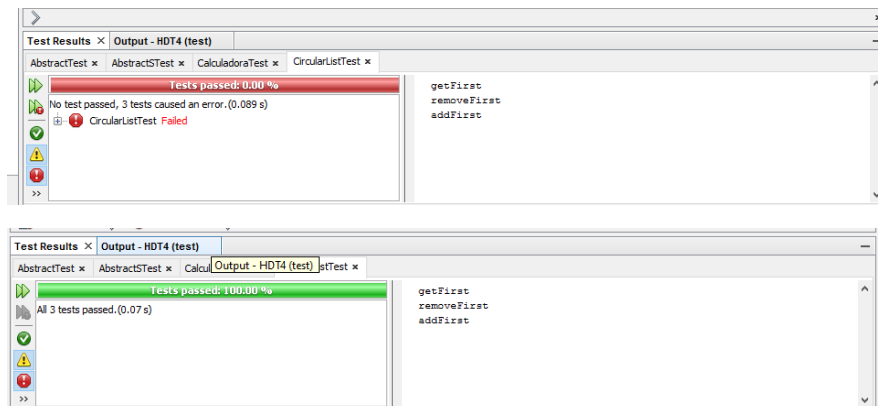

- No test passed, 1 test failed. (0.076 s)
- `AbstractS` Failed
- `testSomeMethod` Failed: The test case is a prototype.

The test results window also shows the source code for the `testSomeMethod` method.
